Prominent business men of Ashland will probably organize a Chamber of Commerce.

Rev. E. G. B. Mann of Lexington will begin a protracted meeting at the Carlisle M. E. Church January 30th.

Representative Johnson of Ohio introduced a bill, which, if it becomes a law, will increase the pensions of all soldiers drawing pensions as follows: Under 70 years of age to \$30 a month; between 70 and 75 years, \$35 a month; over 75, to \$40 a month.

MOST PEOPLE DO NOT KNOW CAUSE OF THEIR SICKNESS

Does human health depend on one organ alone? This question is becoming widely discussed since L. T. Cooper first advanced his theory that the stomach is the true seat of life and all health dependent upon it.

Mr. Cooper, who has met with remarkable success in the sale of his new medicine, believes that the stomach is responsible for most sickness, and that this organ is weak in the present generation. While discussing this theory recently, he said: "I am asked time and again to tell why my medicine has made such a record wherever I have introduced it. My answer always is, 'because it restores the stomach to a normal condition.' No one will deny that today there are more half-sick men and women than ever before. Nothing critical seems to be the matter with them. They are just half sick most of the time. They don't know really what is the matter with them. I have talked with thousands during the past two years, and few knew indeed what their trouble was. One said nervousness, another said kidney trouble, another liver complaint, some constipation, or heart trouble, or lung trouble. Many had tried, as they called it, for most of these diseases at different times. A very common complaint 'is all run down,' or 'tired all the time,' or 'no appetite.'"

"I know positively that every bit of this chronic ill health is caused by stomach trouble and nothing else. My New Discovery cures the stomach in sound condition in about six weeks. Mighty few people can be sick with a sound

digestion. That is why my medicine is selling at such a tremendous rate. I have convinced many thousands of people that these things are so, and the number is growing by leaps and bounds."

Among more recent converts to Mr. Cooper's beliefs is Mrs. Lottie L. Miner, living on Rural Route No. 2, Henshaw, N. H., who says: "I was in poor health for six years, from stomach trouble and indigestion. Quite frequently my stomach was so weak that it would not retain solid food. I had vomiting spells every morning, and was subject to frequent attacks of dizziness. Life became such a burden that I often felt it was not worth the living. I tried everything I could hear of, but found nothing that would afford relief."

"For some time I had been reading of the Cooper remedies, and finally decided to give the New Discovery preparation a trial. After taking the first bottle I noticed a marked improvement. Five bottles made me entirely well. I can eat anything I wish, and have not been troubled with my stomach since. The dizzy spells disappeared long ago."

"My mother, Mrs. Susan Parkins, is a nurse of long experience. Both she and my father have used the Cooper remedies with splendid results. I will be glad to answer any personal correspondence in regard to my case."

It is worth any one's time, who is not enjoying good health, to learn of Mr. Cooper's wonderful preparations. I am selling them in large quantities.—Thos. J. Chonoweth.

The machinery for the corn plant is the Magnolia Flouring Mills has arrived and will be installed at once.

PLUCKY LITTLE WOMAN

Bests a Strong Arm Foot Pad in An Attempted Hold Up

Mrs. Neal Hubbard, wife of the Manager of the Pastime Theater, had an exciting experience Tuesday evening that she will not forget soon.

Mrs. Hubbard was en route from her home in West Third street to the Pastime in Second street. In passing John Hauck's cold storage room in the East side of Wall, a man standing in the shadow of the building stepped out and tapping her upon the shoulder demanded that she give up her purse that she was carrying in her hand at the time.

Mrs. Hubbard, in speaking of the attempted highway robbery, says her first impulse was to hand over the purse, but on second thought she determined otherwise, and instead hit her assailant a swipe in the face with the purse, and at the same time screaming for help and running to escape the wretch.

The fellow, no doubt, surprised at the resistance of the plucky little woman, took to his heels and disappeared in the darkness. The attack was made about 6 o'clock, before the electric lights had been turned on, and the surroundings were densely dark.

This should be a warning to women and children to be on their guard in traversing dark streets in the city after nightfall.

A few evenings since, a young lady music teacher of South Limestone street was shadowed by a man sneak, and only by a clever ruse outwitted the scoundrel and escaped a probable hold-up, or worse, by running up Limestone and reaching her home. There surely is some remedy for these occurrences in the heart of Maysville.

WONDERFUL DOINGS AT FORT WAYNE, IND.

Creating Much Excitement in That Section

There is much excitement at Fort Wayne these days over a new discovery that is curing scores of people who have suffered for years with some chronic trouble. Many who had lost hope of ever seeing another well day have recovered health in a short while, and hundreds of people are crowding into that city from all of the surrounding country to get some of the health-promoting juice. Many are telling of wonderful cures it has made. It seems that the discovery is principally composed of roots; therefore it is called Root Juice. An old lady who had suffered for twenty years with rheumatism and was unable to walk, after taking the juice a short while, was restored to perfect health and can now get around as well as any one of her age. Nearly every one who suffers with stomach, liver and kidney troubles, say that a few doses of the medicine relieves them of every painful symptom. After taking it a few weeks they say that they are positively cured. Numbers of people are writing to the scientist from all parts of the country and inviting him to appoint a local druggist to demonstrate the great health promoting Juice in their town.

CENSUS PAY

Three General Rates—Per Diem
Schedule for Enumerators in
Big Districts

J. T. Wilson, Census Supervisor for this District, has received a circular from the Census Bureau on the rates of pay for enumerators.

Where the per capita rate would not give sufficient pay, the per diem rates are prescribed. The rates in general will be so adjusted as to give a slightly higher average amount to the enumerators than they received in 1900.

Per diem rates of pay will be paid to the Census Enumerators in the sparsely-settled Rural Districts of Arizona, California, Colorado, Idaho, Montana, Texas, Utah, Washington and Wyoming.

The rate will range from \$5 to \$6 per day for the enumeration of the rural areas outside of cities and towns. Six dollars is the highest rate authorized by law.

There are three general rates—the per capita, the mixed and the per diem.

The first and second general rates have five subdivisions each.

The per diem rates range from \$3 to \$3.50, \$4, \$4.50, \$5, \$5.50 and \$6, and are to be paid for a day of eight hours' work.

For enumerators on the per capita basis, which will be that most widely used, the pay for each inhabitant is: Class A, 2 cents; Class B, 2½ cents; Class C, 3 cents; Class D, 3½ cents; and Class E, 4 cents. Such enumerators will also be paid for each farm as follows: Class A, 20 cents; Class B, 22½ cents; Class C, 25 cents; Class D, 27½ cents; and Class E, 30 cents. These rates are in each case five cents or more higher than those paid in 1900, when the range was from fifteen cents to twenty cents. For each establishment of protective industry the rate for each class is 30 cents. For each barn and inclosure containing live stock, not on farms, the pay is 10 cents.

Under the mixed rate, which is a combination of the per capita and the per diem, there are five sub-classes alphabetically arranged, and the per diem is: Class F, \$1; G, \$1.25; H, \$1.50; I, \$1.75; and J, \$2. For each inhabitant the pay is: Class F, 2 cents; G, 2½ cents; H, 2½ cents; I, 2½ cents, and J, 3 cents. For each farm: Class F, 15 cents; G, 17½ cents; H, 17½ cents; I and J, 20 cents each. For each establishment of protective industry the rate is 20 cents for each class.

J. M. Lloyd, farmer, R. F. D. No. 5, Maysville, Ky., says: "I am only too pleased to tell of my experience with Doan's Kidney Pills and hope that it will be the means of helping some other sufferers from kidney trouble in finding relief. About five years ago my kidneys suddenly became disordered and for several months I was bothered by constant dull pains across my back. When I stooped or lifted, sharp twinges shot through my body and caused the most intense suffering. I at length heard of Doan's Kidney Pills, procured a box at J. J. Wood & Son's Drugstore and began using them. They effected a complete cure, and since then I have not had backache or any other symptom of kidney trouble."

CAN A MEDICINE BE A "FAKE"
that has lived and grown in popularity for thirty years, and demonstrated its worth by actual cures of female ills in thousands and thousands of American families?

Any fair minded, intelligent person will emphatically answer NO! Such a medicine is Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, and its ever increasing popularity is due to actual merit alone.

The Colored Fair Association stock of Lexington is, from reports, in greater demand than Standard Oil stock, as three shares of \$10 each, when placed under the hammer of the Master Commissioner brought \$245.

At Frankfort Tuesday Lieutenant Governor Cox received a communication from Conrad Klinge of Herman, Mo., asking that the Speakers of the Senate and House announce that he is trying to locate the family or descendants of Conrad Aab, who formerly lived at Maysville and Harper's Ferry. From the tone of the letter it would indicate that a fortune awaits the descendants of Aab.

ADVICE TO MAY.

Miss May—As you did not mention the color of your hair, I am at a loss to advise you how often you should shampoo.

If your hair's all your own, dear May, And you enjoy shampoo, You may indulge yourself that way As often as you choose.

But hair that's reddish on the top, With roots of grayish pink, You have to have washed in the shop (With walnut juice I think.)

The anburn, with a coppery hint, May be washed spring and fall; But that bright, pumpkin-yellow tint Should not be washed at all!

THE LEGISLATURE.

If the printing bills are all ready on Friday, it is likely the whole matter will be dismissed. A number of new bills were introduced, bringing the total number up to 223. One new bill provides for the creation of a Department of Banking and a Bank Commissioner and three Bank Examiners. Another provides for the creation of a Negro Farmers' Industrial Institute for each Congressional District. Another appropriates \$50,000 to complete the grading and beautifying of the grounds around the new State House.

Governor Willson, on invitation of the House, made a short talk, in which he referred to the depleted conditions of the treasury and said he would not interfere with the Legislature. He said the State was four months behind in funds.

SUIT AFFIRMED

Decision of Court of Appeals in Local Damage Case

The Court of Appeals yesterday affirmed the judgment of the Mason Circuit Court in the case of Isaac Thomas, Administrator, against the Maysville Street Railway and Transfer Company.

This was an action to enforce collection of a judgment for \$5,000 against the appellee for the death of Thomas, who was killed by a live wire.

The Court says that the appellant, having already obtained satisfaction in the cause of action from the Maysville Gas Company, cannot litigate further.

Aids Nature

The great success of Dr. Pierce's Golden Medical Discovery in curing weak stomachs, wasted bodies, weak lungs, and obstinate and lingering coughs, is based on the recognition of the fundamental truth that "Golden Medical Discovery" supplies Nature with body-building, tissue-repairing, muscle-making materials, in condensed and concentrated form. With this help Nature supplies the necessary strength to the stomach to digest food, build up the body and thereby throw off lingering obstinate coughs. The "Discovery" re-establishes the digestive and nutritive organs in sound health, purifies and enriches the blood, and nourishes the nerves—in short establishes sound vigorous health.

If your dealer offers something "just as good," it is probably better FOR HIM...it pays better. But you are thinking of the cure not the profit, so there's nothing "just as good" for you. Say so.

Dr. Pierce's Common Sense Medical Adviser, In Plain English; or, Medicine Simplified, 1008 pages, over 700 illustrations, newly revised up-to-date Edition, paper-bound, sent for 21 one-cent stamps, to cover cost of mailing only. Cloth-bound, 31 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.

Beware of Outlets for Catarrh That Contain Mercury.

Mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is tenfold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, O., by F. J. Cheney & Co. Testimonials free.

Sold by Druggists. Price 75¢ per bottle. Take Hall's Family Pills for constipation.

THE OTHER SIDE

Showed Love Letters From Another Woman in Order to Aggravate Her

Yesterday's LEDGER contained an item of the filing of divorce proceedings in the Mason Circuit Court by Albert Leming against Oesie Leming, and the following taken from Wednesday's Times-Star, is somewhat in the nature of a sequel to the action:

"He used to show me love letters from another woman in order to aggravate me." "This allegation is made by Mrs. Oesie Leming in her action for divorce from Albert J. Leming, filed Tuesday. She names in her petition Mrs. Elizabeth Witzelberg. The Lemings were married March 25th, 1899, and have two children, Edwin and Fred. She alleges further failure to provide and says she has to work for the support of herself and the children."

Miss Lena Onten, who has a position in the Winchester Telephone office, is home on a short visit with her parents. She returns to Winchester Friday.

During the past ten days Hall's Plow Works in the East End have shipped to Vicksburg, Miss., and other points in the South, fifteen carloads of their celebrated plows.

Dinger Bros., the up-to-date Market street grocers, have an attractive "ad" in today's LEDGER soliciting of the 7,500 readers of the paper a share of their trade. Their stock is full, attractive and prices reasonable. Goods delivered to any part of the city. They ask you to give them a trial order.

MRS. JOHN MCCABHAN

Mrs. John McCabhan, aged 70 years, died at her home near Cottageville Wednesday evening of paralysis. She leaves her husband and six children—Mrs. J. P. Nash, Maysville; Mrs. J. C. Boyd, Boggs; Fred, who lives at home; Sam L. and Charles of Lewiston, Ill.; Frank C. of Chicago.

Funeral services will be held at 11 o'clock Friday at Ebenezer Church. Services will be conducted by Rev. H. C. Bradley of Tollesboro and Rev. F. W. Harrop of Maysville.

SANDERS—WILLIAMS.

Mr. William Sanders, farmer, and Miss Amanda Williams, both of Fleming county, arrived on the noon train yesterday and on wedding their way to the County Clerk's office, were married by Judge W. H. Rice in an impressive and happy style.

WELLS—WILSON.

Mr. William E. Wells of this city, tobacco and live stock dealer, and Miss Roberta Wilson, were married yesterday at the home of the bride in Lewis county.

The bride is one of Lewis' popular young women.

Mr. and Mrs. Wells are now on a wedding tour and on their return will be at home at the St. Charles Hotel.

KAUTZ—PARKS.

Judge Rice's wedding parlor in the County Clerk's office was illumined and brightened yesterday afternoon by a swell function, the contracting parties being Mr. Paul Kautz, tobacco dealer, and Miss Frances Parks, of Higginsport. Both were good looking and high steppers, and were evidently of the 400 circle in their home city. They can have the satisfaction of having been joined in the holy bonds of matrimony in a most approved and judicial manner, by one of the haughtiest Judges in the State. After the ceremony the happy couple called on several of their friends and acquaintances in this city. They left for Higginsport on the 4:05 C. and O. train.

Floods in France have caused \$200,000,000 loss already and the calamity is growing worse every hour. Paris is half submerged, and for thousands of square miles in many parts of the country there is a raging sea. History, except the flood of Noah's time, carries no such record as the present flood in France. Thousands have already been drowned, besides hunger and cold are adding to the long list of helpless victims.

Already scarlet fever has appeared among the refugees. Among the superstitions there is talk of the destruction of Paris as the result of the appearance of Halley's comet, but it is not unusual the world over to associate a visitation of this kind with the movement of heavenly bodies.
